

## RENTAL DEVICES REQUIREMENT

| Device          |                          |
|-----------------|--------------------------|
| Bridging device | <input type="checkbox"/> |
| Test device     | <input type="checkbox"/> |

Company / division: \_\_\_\_\_

Contact person: \_\_\_\_\_

Address: \_\_\_\_\_

Telephone no.: \_\_\_\_\_

E-Mail address: \_\_\_\_\_

**Period of time:**

From  To

| Requested device:        |                     |
|--------------------------|---------------------|
| <input type="checkbox"/> | Refractometer       |
| <input type="checkbox"/> | Flame Photometer    |
| <input type="checkbox"/> | Polarimeter         |
| <input type="checkbox"/> | Density Meter       |
| <input type="checkbox"/> | Melting Point Meter |
| <input type="checkbox"/> | Gas Analysers       |

| Device configuration:            |
|----------------------------------|
| Measuring range: _____           |
| Measurement accuracy: _____      |
| Temperature control range: _____ |
| Others: _____                    |

| Which samples should be measured or determined ? |                                       |       |
|--|---------------------------------------|-------|
| <input type="checkbox"/>                         | Material/Samples                      | _____ |
| <input type="checkbox"/>                         | Toxic substances <sup>1)</sup>        | _____ |
| <input type="checkbox"/>                         | Carcinogenic substances <sup>1)</sup> | _____ |
| <input type="checkbox"/>                         | Infectious material <sup>1)</sup>     | _____ |
| <input type="checkbox"/>                         | Biological material <sup>1)</sup>     | _____ |
| <input type="checkbox"/>                         | Radioactive substance <sup>1)</sup>   | _____ |

<sup>1)</sup> If devices have come into contact with one of these substances, during the devices will only be accepted if a consultation with A.KRÜSS has taken place prior to submission.
